Forecast For London & Southeast England
Issued by Met Office Exeter
at 1600 on Sunday 03 Oct 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Showers developing after midnight.

This Evening and Tonight:
Dry evening for most, with clear spells, but the odd shower remains possible along the south coast. These spreading inland after midnight, becoming widespread and turning heavy and prolonged at times. Minimum temperature 9 deg C (48 deg F).

Monday:
Early showers becoming restricted to the far southeast. Otherwise a fine morning, with sunny spells, but rather breezy. Further scattered showers developing from late morning, although many parts staying dry. Maximum temperature 17 deg C (63 deg F).

Outlook for Tuesday to Thursday:
Cloudy with periods of heavy rain Tuesday, windy at times. Rather cloudy start Wednesday, with early rain, but also brighter spells later. Drier Thursday, with sunny spells and variable cloud.
